Media Release Form

Nicasio School students are occasionally invited to be included in school/district publicity, publications and/or public relations activities. To ensure student privacy, we ask that parents/guardians provide written authorization prior to such use of their child's image and/or identity. Your signature indicates approval or denial for your child's name, picture, artwork, written work, voice, or portrait (video or still), to appear in school/district publicity, publications, websites or videos; as well as in local print and/or broadcast media. For example, with parent/guardian consent, pictures or articles about school activities may appear in local newspapers, in local television or radio broadcasts, or in school publications. These pictures and articles may or may not personally identify a student. Pictures and/or videos may also be used by the district in subsequent years.

(Please sign below and return lower portion of form to school office.)
